FCA free loaded in D-Bergisch Gladbach.

Pulheim, 19.01.2018

type:	Nadrowski B5S-5+GVS (5 stages)
el. power:	1850 KW
generator end:	Leroy Somer 400 volt, 50 hz, 1500 r/min
steam consumption:	16,1 to / h at 1850 KW el. output
steam inlet pressure:	41 bar abs
spezial steam consumption:	8,7 kg / KWh
inlet steam temperature:	400 °C
gear ratio:	8,04
manufactured:	1993
final shutdown:	2008
weight:	Turbine 7000 kg + Generator 9000 kg
measurements	5,60m L * 2,20m W * 1,90m H
price on request	

One second hand Nadrowski multistage backpressure steam turbine B5S-5+GVS for sale. Nadrowski now belongs to Dresser-Rand. Right now we also have access to one suitable GEA air cooled condenser. Half of the exhaust steam flow of this turbine was going into one other Nadrowski 450 KW condensing turbine. Please see it also in our offers. Free loaded on truck / container. The turbine is located in our warehouse in D-Bergisch Gladbach. Alternators with other voltages are also available on request.
